15	Micro Korg	Direct out (DI Box)		x
16	Percussion	Microphone (SM 58)		
17	Sampler 2	DI Box		x

## Lights / Projector

Stefan is in responsible for the live-visuals during the entire show.  
For that reason Octopus needs very dim stage lights to keep the visuals „visible“.

One mounted projector and a white background on the stage should be provided by the promoter.  
The projector should have the most common ports such as HDMI or VGA.

## Equipment sharing

Drums: FloorTom and BassDrum  
No mounting for RackToms provided.

Guitars: No sharing  
Bassamp: No sharing
