## Equipment provided by Promoter

- Mic Stands
- 4 Monitors
- Microphones
- Vocal effects
- Drum Rug
- Stagelights etc.

## Lights/Projector (Visual Show)

Only necessary if communicated in advance.

Stefan is responsible for live-visuals during the show. For that reason a **mounted projector** and a **white background on the stage**, provided by the promoter, would be appreciated. The projector should have the most common ports such as **HDMI** or **VGA**.

At least an opportunity to mount our projector should be provided by the promoter. In case of questions contact Stefan +41 78 812 20 40.

## Equipment sharing

**Drums:** HighTom, FloorTom and BassDrum  
(No mounting for RackToms provided!)

**Bassamp (AMPEG):** yes

**Organamp (Roland JC-40):** yes

**Guitaramps (Fender):** No sharing
